Re: *GTC Telecom Corp.*
Docket No. T-03717A-02-0387
Decision 65412

T-03717A-06-0073

Dear Sir or Madam:

GTC Telecom Corp. ("GTC") hereby respectfully requests to cancel its certification to provide resold local exchange telecommunications services in the above-referenced docket.

This request is based upon GTC's determination that it no longer intends to provide resold local exchange telecommunications services in the State of Arizona. Based upon the fact that GTC has not commenced operations as a competitive local exchange provider and currently has no local exchange customers within the State of Arizona, GTC asserts that the voluntary discontinuance of its certification will have no adverse impact upon consumers.

GTC, however, will continue to provide resold long distance telecommunications service within the State of Arizona. Therefore, GTC respectfully requests to keep its certification as a Long Distance Reseller issued under Docket No: T-03717A-99-0138 Decision No: 62411.

Please acknowledge receipt by date-stamping the extra copy of this letter enclosed and returning it to me in the self-addressed, stamped envelope provided for that purpose.

If you have any questions or require any addition information regarding this filing, please contact Alice Breslow, our Regulatory Analyst, at (714) 549-7700 or via email at legal@teamgtc.com.

Respectfully submitted,

Gerald A. DeCiccio
Chief Financial Officer
GTC Telecom Corp.
